I hope you are fine with your family I am also fine with my family I thank you for what you have brought for me I will play the game with my sister and my brothers also my friends. My friends will be happy playing the game you have brought for me.

The weather in our country is hot and rainy one day in our country at night when people were sleeping the rain came and thunders at that night I did not sleep that night. I was afraid of that lightning and thunder.

On my birthday I was happy I invite my neighbours and my friend it was a very happy day. all my family came to my birthday. I cut the cake and share to my friend neighbours and my family.

I thank you and may God bless you and your family
